<b>20 April</b>	<b>AM Session 9-11am</b>	<b>PM Session 11:30-1:30pm</b>
-----------------	--------------------------	--------------------------------

## Under Pressure

**AM OPTION**

Are you looking to increase your alpine skiing versatility in all conditions and all terrain? This session will explore how all five of the Alpine Skiing Fundamentals affect pressure control and, through videos and movement analysis, tactics to master any turn in all conditions and all terrain.

## Creating Great Experiences

**PM OPTION**

Are your guests looking to "learn" or "try" snowsports? How do you know and how might you adjust your teaching strategies to deliver great experiences? This interactive session will explore these questions through play and observation so you can create great experiences for your guests.

## Adults vs. Kids: How to Better Engage Adult Learners

**AM OPTION**

Adults learn differently than children. In order to more actively and easily engage your adult students, join us for a session on tips and tricks to create a learning environment best suited for grown-ups. Participants will leave the session with a handful of tools to apply directly to their lessons.

## Beginning/Intermediate Movement Analysis (MA)

**PM OPTION**

In this session you will learn a basic framework for doing movement analysis on your students, practice using it and receive coaching on different ways to approach and do MA. For the more seasoned pro we will be adding a unique challenge that will keep your skills growing and enable more advanced movement analysis.
