Chair of the Awards and Recognition Committee since Spring '16.

Reason for wanting to serve as Member School Representative and/or on the PSIA-NW Board of Directors:

It has been a privilege to represent the Crystal Mountain Region for many years along with this outstanding group - Mike Peters, Ed Younglove, Chris Kastner, Gordon Arwine, Sean Bold and Larry Fale. I was fortunate to be involved in the development of many member centered initiatives during this time including "Ed Bucks" and the Certification Module system. Throughout the Board has consistently worked to support the Technical Team and the growth in the excellent TD/Trainer program which I believe has had and continues to have a direct impact on the professionalism of our NW Pros.

During this time the Childrens, Senior and Freestyle Specialist programs have grown to be valuable additions to our focus on education as well as certification. Now, the division is engaged in the challenging process of rethinking how we do business with the goal of delivering the best education, certification and customer service in the most efficient and cost effective way for our members. The hiring of our excellent Executive Director Kirsten Houtte and moving the divisional office to Wenatchee has proven to be very successful. The work to update our bylaws and policies is ongoing to reflect how we currently do business. In addition, the board is exploring how to take advantage of "lessons learned" or best practices in the non-profit world. This exploration may lead to some significant changes that should benefit the membership. I believe my years of service will allow me to contribute to this process in a positive manner by understanding our history while evaluating our future with an open mind. I would also like to continue in my role as the Awards and Recognition Committee Chair. Working with the other members of the committee and Kirsten, we updated the awards definitions and criteria this past summer and are working to improve the information on the website. The NW has so many talented and dedicated members and finding a way to recognize their accomplishments has meant a lot to me for a long time. These are some of the reasons I would ask for your support for another term as your Crystal Mountain Region Representative on the PSIA-NW Board of Directors.
