Membership Joining Process is Started

After clicking on the join button a pop-up will occur and start the new member on entering in their information. As they go along in the process, make sure they know to “affiliate” themselves with your school, there will be a lookup button for them to find it and select it. You, as the director are then able to see real time a roster from your school of those affiliated with your school and their membership status, i.e. current or no longer a member.
