Reasons wanting to serve on the PSIA-
NW Board of Directors:

After almost 40 years being a member in this organization, I have seen many changes, mostly all for the good. New equipment technology, a briefer approach to teaching, ie, student centered, better grooming helping to make teaching more efficient. I have been privileged to represent our members on this board for the past 8 years and I would like to continue for another term. I am very excited to see the direction our NW and National organization is taking, bringing us all onto the same page. My passion of bringing skiing to the public has never changed and I try to keep up with the ever changing lifestyles of all of our generations to make it all relevant. I feel that I can

continue to serve our members with
purpose and integrity.

Thank you.
